Report Key

Prediction: "No Problem" = Account expected to pay within terms | "At Risk" = Account predicted to go delinquent

Credit Score: 0 to 100 scale.

Risk Level: Excellent (80-100) | Good (60-79) | Fair (40-59) | Poor (20-39) | Very Poor (1-19)

Recommended Credit Limit: AI generated limit based on payment history, forecasted sales, and risk profile. Dash indicates credit hold recommended.
